

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

of Springfield, Ill.

RULES OF THE STATE LIBRARY.

Books may be taken from the State Library by the members of the General Assembly and its officers, during the session of the Legislature, and at any time by the Governor and the officers of the Executive Department of this State, who are required to keep their offices at the seat of government; the Justices of the Supreme Court and the officers thereof.

No person shall be permitted to take or detain from the Library more than two volumes of miscellaneous works at the same time.

No miscellaneous work shall be detained more than two weeks. All Laws, Journals, etc., taken by members of the Legislature, to be returned at the close of the session.

If any person injures, or fails to return, any book taken from the Library, within the time above mentioned, HE SHALL FORFEIT AND PAY TO THE LIBRARIAN, for the benefit of the Library, THREE TIMES THE VALUE THEREOF, or of the set to which it belongs.

Any person not above mentioned, who takes books or other articles from the State Library, without the consent of the Librarian, will be prosecuted for larceny, without distinction of persons.

Any person taking books from the State Library without reporting the same to the Librarian, or assistant, and causing the same to be properly charged upon the register, will be prosecuted to the extent of the law.

No entry of charges or return of books will be permitted to be made, except by the Librarian or assistant.

Persons using books of the Library, will return the same to the Librarian, upon penalty of being denied the privileges of the Library.

GEO. H. HARLOW,
Secretary of State and ex-officio State Librarian.
